Amazing Pagoda

It is a good experience to walk through the hollow golden maze inside the stupa. A detailed history explanation of the pagoda is displayed inside the golden maze and Buddha hair relic and lots of silver and gold artifacts are also displayed. These can all be viewed at close distance by visitors. Although you are watched by security camera, you are not followed by security guards closely. You can even meditate inside the

pagoda. You come out of the maze with a better insight of Buddha relic and pagoda history. One bonus is that you can have a real close view of Buddha hair relic inside the pagoda and tooth relic at the pagoda next to the maze or main shrine hall.

**Only unspoiled country in SEA**

The destination is a spectacular one, still very unspoiled and authentic. It is hard to mention a special attraction, as we enjoyed absolutely every moment of our trip. We are sure that we shall be back in Myanmar, with a larger group of friends, and with your agency .

**An eye-opening trip**

Meeting people and seeing many aspects of their 'everyday life'. Perhaps the biggest factor was having local guides. This enabled us to experience things that we would never have done on our own.
